

HOW LONG TO BOIL EGGS ON GAS STOVE - SIMPLE RECIPE

Ingredients:

- **Eggs:** as many as needed
- **Water:** enough to submerge eggs with room for gentle boil

Procedure:

1. Use medium pot with lid and insert eggs gently with tongs
2. Cover eggs fully with cool water by 1-inch before turning on heat
3. Cover pot and increase heat to high until water reaches gentle boil
4. Remove from burner, cover and let sit based on desired doneness
5. Transfer eggs immediately to ice bath to stop cooking
